

Numeracy & Maths

- In Numeracy we will be focusing on Subtraction, Multiplication and Division. We will work through these concepts using concrete (physical materials), pictorial (pictures) and abstract methods (using sums e.g. $2 \times 3 = 6$).
- In Mathematics, we will complete our Money topic, with a focus on giving change and linking this to real life contexts. We will then move to Data Handling which will see us focus on extracting, gathering and displaying data in various forms.
- Throughout the term we will further develop our Number Talks, Problem Solving and Mental Maths Strategies.

Important Information

- Homework will continue to be provided on Google classroom from the Monday of each week. They have Reading and Spelling grids and will remain the same and we will continue to keep all Numeracy/Maths/LAC activities as active as possible.
- Again, there is no expectation for anything physical to be handed in, however if you could click 'hand in' on Google Classroom this will let us know you have completed some tasks.
- Our class showcase is Wednesday 5th March at 9:30am.

Kirkton Primary School

Primary 3

Term 2 Overview

Contexts for Learning

- We will begin the year with a mini topic on Scotland which will be based around our class reader Greyfriars Bobby and we will also study Robert Burns.
- Our IDL topic after this will be The Human Body where we will be working on answering the question 'How does the Human Body work?'
- We will continue to develop our Spanish vocabulary.

Health & Wellbeing

- Right of the Month focuses
- SHANARRI wellbeing indicators – Active, Respected and Responsible
- Growth Mindset

Literacy & English

Reading - To begin the term, we will be reading Grey Friars Bobby as a whole class in line with our Scotland topic. After this, we will complete a nonfiction block, allowing the children to focus on the different features of such books. Read to write tasks will incorporate metalinguistics, fact finding and note taking. We will also continue to challenge our knowledge and understanding of what we have read thorough using our Blooms Buttons Question Fans.

Writing - In writing, we will be focusing on the text types of Response and Exposition. This will be explicitly taught through teacher modelled lessons and will incorporate the children's parts of speech, grammar and writing knowledge.

Listening & Talking - This term for listening and talking, we will be looking at Scots Language through our Scotland mini topic and will be exploring the poems and songs of Robert Burns. We have our Class Showcase in March and will be focusing on using our voices when speaking to an audience. We will also continue to explore letter sounds and patterns through phonics lessons.
