## Kirkton Primary School

**Primary 2**

## Term 2 Overview

## Numeracy & Maths

P2 will continue to develop use of mathematics vocabulary during Number Talks to explain strategies used in calculations. Further develop addition and subtraction skills within and to 20. Multiplication and division will be introduced as repeated addition and subtraction. Data Handling and measurement will be covered mainly through active tasks.

## Important Information

**PE on Monday and Tuesday**

## Literacy & English

### Reading

P2 will develop skills in comprehension, summarising main points and dictionary work. We will also introduce written answers to comprehension. This will be covered each week using group reading book. Blending, fluency and expression skills developed using word attack strategies and recognising punctuation in texts.

### Writing

P2 will build knowledge and understanding of sentence structure. They develop skills in handwriting by writing on lines and forming letters accurately. They will complete sentences using capital letters and full stops correctly.

### Listening & Talking

P2 will continue to follow class routines by listening more carefully to others, instructions, and waiting for appropriate times and prompts to speak in groups, class. They will build skills in talking and listening when presenting information to the class through topic and Scottish verse.
